

Object: nanoforum 2010

Dear Sirs,

We are glad to anticipate you that nanoforum 2010 will take place the 16th and 17th of June in Turin, hosted by the Politecnico of Turin.

The event, that this year reaches its sixth edition, is characterized by the transfer of specialized knowledge in micro and nanotechnology by the most innovative research Centres (public or private) to companies and young graduates.

It's an important, concrete and meaningful commitment; we are confident that we can rely on your support and on the active participation of your organization.

We all, and in particular ITER as organizer, are at your full disposal for further information; a synthesis of the project is present on the home page of the web site www.nanoforum.it

We hope for a confirmation by the 25th of November that will allow the participation to the entire advertising campaign that will start the 1st of December.

Thank you for the attention and best regards,

Turin, November 2009

*Francesco
Profumo*

Rector
Politecnico of Turin

*Giulio
Ballio*

Rector
Politecnico of Milan

*Roberto
Cingolani*

Scientific Director
IIT

*Domenico
Piazza*

Senior Partner
ITER
